

## *Together* is Better

At Kaiser Permanente Georgia, we provide our members with care and coverage *together*. Put simply, Kaiser Permanente is a health plan and medical group all in one. Our medical group, the Southeast Permanente Medical Group, cares for our members in our medical facilities. All our caregivers are connected and work *together* to improve the health of members. Kaiser Permanente caregivers include:

- doctors
- specialists
- pharmacists
- X-ray and lab technicians
- hospitalists

We are Georgia's largest nonprofit health plan and the second largest medical group in Atlanta. Because we bring care and coverage *together*, we give our members high-quality, coordinated, affordable care, with fewer hassles and more convenience.

Care and Coverage *Together*  
helps Georgia Thrive.

See how care and  
coverage under one roof

**makes health  
care better**

## PHONE ADVICE & COACHING

**24/7 nurse advice** if you're not sure what kind of care you need. **Personal wellness & chronic conditions coaching** to reach your health goals and manage your condition.

## SPECIALTY CARE

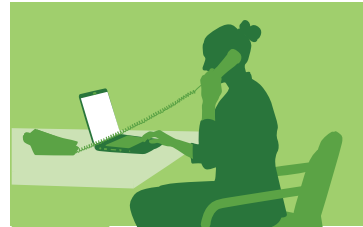

**Over 40 specialties** available to you, most without a referral. You also have access to certain affiliated specialists.

## PHARMACY & PRESCRIPTION REFILLS

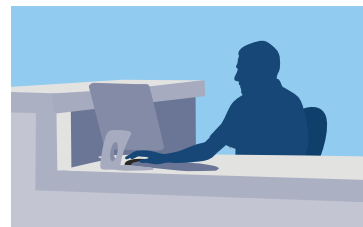

**Fill your prescriptions** in the same building as your checkup. Online refills and mail delivery available.

## SIMPLE CHECK-IN

**Breeze through check-in** with your member ID card. Self-service check-in is available at select medical facilities.

YOUR  
ELECTRONIC  
MEDICAL RECORD

## FREE HEALTHY LIVING CLASSES

**Get into healthy living** with free or low-cost courses in fitness and exercise, healthy cooking, prenatal care, and more at our medical facilities.

## URGENT CARE & MINOR SURGERY

**Urgent Care Centers** open on evenings and weekends. **Advanced Care Centers** open 24/7. **Minor surgery** performed in certain areas of practice.

## LAB WORK & X-RAYS

**You can usually get tests and X-rays** at the same time, in the same building as your doctors visit. Results are stored in your electronic medical record.

## GREAT DOCTORS

**Practice preventive care** with routine health checks. Your doctor is armed with tools to find conditions early, or prevent them from starting.
